

**Builds UNIQUE automated or semi-automated TOOLS to bring our warfighters a TACTICAL ADVANTAGE**

*These have no place in our projects...*

**Automated Cleaning Technologies, Inc.** knows that risks cannot be taken with any aspect of your project. Our military experience, engineering creativity, process development, validation lab work, and integrity get the job done right for our military customers.

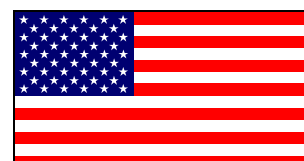

***NOT JUST ANOTHER WASHER!***

*"My power plant NCO's and the Commander are extremely excited that we have this capability in country. They keep saying what a fantastic job this washer does! We are saving a lot of engines left and right here."*

**-FORSCOM CW4**

**-Bagram, Afghanistan 2009**

**SYSTEMS DEPLOYED FOR MANY WORKLOADS**
